Myo-Minn-Oo | myominnoo | myominnoo

An Epidemiologist, Implementation Scientist, Health Researcher with expertise in STBBI/HIV research, using advanced biostatistics and data science to address health inequities in underserved populations. Skilled in R programming and data product development.

Education

Prince of Songkla University

Hat Yai, Thailand

Ph.D. EPIDEMIOLOGY

Aug 2018 - Nov 2021

- Dissertation: "Myanmar Migrants with Tuberculosis: Health Insurance, Delays in Access to Healthcare, Model of Care on Treatment Outcomes and Quality of Life in a Border Area of Thailand and Myanmar"
- Advisor: Prof. Tippawan Liabsuetrakul
- Committee: Dr. François Henry Nosten (Chair), Hon. Prof. Virasakdi Chongsuvivatwong, Prof. Sawitri Assanangkornchai, Dr. Wit Wichaidit
- Passed with excellent evaluation remarks.

The Union, MSF Luxembourg, WHO-TDR

Nepal & Sri Lanka

STRUCTURAL OPERATIONAL RESEARCH INITIATIVE (SORT-IT) TRAINING COURSE

Mar 2016 - Dec 2016

- Research project: "Alarming attrition rates among HIV-infected individuals in pre-antiretroviral therapy care in Myanmar, 2011–2014" (doi: 10.3402/gha.v9.31280)

University of Medicine

Mandalay, Myanmar

MBBS

2007 - 2012

- Evaluated vital statistics of a remote township in Myanmar that is among the most under-developed and remote areas of the country

Research Interests

Global Health, Implementation Science, Health Services Research, Data Science, STBBI/HIV, TB, Malaria, Underserved Populations (Sex workers, gbMSM, Migrants, Indigenous Peoples).

Work/Research Experiences

Waapihk Research

Winnipeg, CA

DIRECTOR OF RESEARCH

May 2025 - Present

- Direct multiple health and education projects at Waapihk Research, one of the largest Indigenous-led health economics firms.
- Provide strategic research direction, oversee design and delivery, and ensure timely, high-quality outputs.
- Lead and mentor a multidisciplinary team while representing the firm with clients, partners, and policymakers.

Unity Health Toronto | St. Michael's Hospital

Toronto, CA

SENIOR RESEARCH ASSOCIATE

Apr 2024 - Apr 2025

- Conducting intervention research for HIV/STBBI prevention to bridge health inequity gaps.
- Evaluated global evidence on clinical decision tools for predicting HIV risk and PrEP eligibility, laying the groundwork for future HIV prevention research projects and a CIHR grant application.
- Expanding expertise in meta-analysis, latent class analysis, and missing data imputation using MICE.
- Leading quality improvement studies in clinical settings to enhance HIV and sexual healthcare and service delivery.

Waapihk Research

Winnipeg, CA

EPIDEMIOLOGIST

Oct 2023 - Mar 2024

- Produced actionable insights for targeted interventions through scoping reviews on harm reduction interventions for underserved populations in remote rural areas.
- Improved the 2018 healthcare fiscal analytics for northern Manitoba communities with recommendation insights for equitable healthcare delivery.
- Produced comprehensive population health reports on northern Manitoba communities for evidence-based decision-making.

University of Manitoba

Winnipeg, CA

POSTDOCTORAL FELLOW

- Led epidemiological analysis projects in Kenya on HPV transmission among MSM and female sex workers.
- Set up bioinformatics pipelines for RNAseq analysis and trained students in their use.
- Collaborated with local health organizations (PHDA, HOYMAS) to improve healthcare access and outcomes for marginalized populations in Nairobi.
- Created data products, dashboards and Shiny apps for research monitoring, contributing to peer-reviewed publications and successful grants.

May 2022 - Oct 2023

Swiss Tropical and Public Health Institute | University of Basel

Basel, Switzerland

POSTDOCTORAL SCIENTIFIC COLLABORATOR

Aug 2021 - April 2022

- Conducted feasibility studies on under-five mortality calculation through malaria surveys in Papua New Guinea.
- Produced a technical report on malaria preparedness, providing evidence for national health strategies.

Papua New Guinea Institute of Medical Research

Goroka, Papua New Guinea

SENIOR RESEARCH FELLOW

Aug 2021 - April 2022

- Directed the 2021 National Health Facility Survey, ensuring timely completion and delivery.
- Developed and implemented an automated dashboard for real-time survey monitoring.
- Delivered technical consultations to the National Technical Working Group on Malaria.
- Completed a draft for an automated report for the 2021 Health Facility Survey.
- Conceptualized a QR linkage system for implementation in the upcoming malaria indicator survey.

Prince of Songkla University

Hat Yai, Thailand

DOCTORAL STUDENT (CAREER BREAK)

Aug 2018 - Jul 2021

- Completed a PhD with 3-year full scholarship, publishing five first-authored papers on migrant health and health services research.
- Conducted 2-year field research at the border area, contributing to policy recommendations for underserved migrant healthcare.
- Received international recognition for research on health insurance and TB treatment among migrant workers.

The Union, South-East Asia Office

Mandalay, Myanmar

RESEARCH FELLOW & TECHNICAL AIDE (BASED IN MYANMAR)

Aug 2016 - Jul 2018

- Led/co-led over 20 research projects across Myanmar, Bhutan, Nepal, India, and China.
- Mentored more than 10 professionals in implementation research through the SORT-IT program.
- Authored and contributed to over 25 publications in international peer-reviewed journals.
- Organized and led the third National SORT-IT course, as well as a workshop on TB research agenda in Myanmar.

The Union, Country Office

Mandalay, Myanmar

MONITORING & EVALUATION OFFICER/MANAGER

May 2014 - Jul 2016

- Spearheaded the Monitoring and Evaluation Unit responsible for maintaining records of 35,000+ clients in HIV/TB programs.
- Enhanced HIV care services by implementing evidence-based practices, including attrition analysis and optimizing the patient tracing system for better retention outcomes.
- Successfully completed a one-year SORT-IT training program and published my first paper as the primary author, overcoming significant health challenges and personal obstacles during that time.

The Union, Country Office

Mandalay, Myanmar

HIV MEDICAL OFFICER

Feb 2014 - Dec 2015

- Provided direct medical care to over 50 patients daily, managing TB/HIV treatments and other opportunistic infections.
- Authored my first survival analysis study of clients living with HIV who disengaged from care, presenting findings at national conferences.

Grants, Awards, and Honors

Canadian Institutes of Health Research

University of Manitoba

TISSUE CORRELATES OF HPV CLEARANCE IN WOMEN: IMPLICATIONS FOR THERAPEUTIC HPV VACCINES.

2023-26

- CIHR Operating Grant: Sexually Transmitted and Blood-Borne Infections (STBBI) Research in Canada: Beyond HIV/AIDS and Hepatitis C.
- PI: Lyle McKinnon | Amount: \$450,000

Thailand Education Hub for ASEAN Countries (THE-AC)

Thailand

FULL DOCTORAL SCHOLARSHIP

Aug 2018 - Jul 2021

- Awarded a complete three-year scholarship to pursue a Doctoral degree in Epidemiology.
- Produced a technical report and policy document to inform the Thai government on healthcare access issues for marginalized populations, and organized a dissemination meeting with local, regional, and international stakeholders to share our findings and recommendations.

Health System Research Institute (HSRI), Thailand

Thailand

RESEARCH GRANT (GRANT NUMBER: 62-082)

Jul 2019 - Jan 2021

- Awarded to conduct research and produce policy documents on the topics of health insurance, legal status, and their effects on the health outcomes of Myanmar migrants in Thailand.
- Funding amount: \$20,000 USD

Fogarty International Center, National Institutes of Health, US

Thailand

RESEARCH GRANT (GRANT NUMBER: D43TW009522)

Jul 2019 - Jan 2021

- Awarded for operational fieldwork in the border area between Thailand and Myanmar.
- Funding amount: \$4,000 USD

13th International Post Graduate Forum on Health System and Policy

Yogyakarta, Indonesia

BEST ORAL PRESENTATION AWARD

Jul 2019

- Prize: \$100 USD

Publications

Since 2016, I have authored **45 peer-reviewed articles**. As of 10 September 2025, my work has an **h-index of 16** and a total of 703 citations, according to Google Scholar. See [my Google Scholar profile](#).

PEER-REVIEWED ARTICLES

1. Omole, T. E., Nguyen, H. M., Marcinow, A., Oo, M. M., Jahan, N., Ssemaganda, A., Severini, G., Thomas, K. K., Celum, C., Mugo, N., et al. (2025). Presentations

CAHR 2023

ORAL PRESENTATION

Canada

- Single Cell Transcriptomics Delineate Divergent Localizations Of Tissue-Resident memory T Cells Across The Human Cervical Mucosa

Apr 2023

STD/HIV/SRH Collaborative Research Group Annual Review Meeting

Kenya

ORAL PRESENTATION

- HPV epidemiology and preliminary findings from SWOP HPV Study
- High prevalence of vaccine-preventable anal human papilloma virus infections is associated with treated HIV infection among gay, bisexual, and men who have sex with men in Nairobi, Kenya.

14th Postgraduate Forum of Health Systems and Policy

Virtual

ORAL PRESENTATION

Dec 2020

- Health insurance and out-of-pocket expenditure from symptoms to tuberculosis diagnosis among Myanmar migrants in a border area of Thailand

51st Union World Conference on Lung Health

Virtual

POSTER PRESENTATION

Oct 2020

- Coverage of health insurance schemes among Myanmar migrants with tuberculosis in a border area of Thailand and its associated factors: An interim analysis

US CDC Migration Summit

Singapore

ORAL PRESENTATION

Nov 2019

- Cross-border TB referral system: a case study from Thailand

7th International Health Literacy Conference

Vietnam

POSTER PRESENTATION

Nov 2019

- Tuberculosis literacy and completion of household contact investigations: A household-based survey from Southern Thailand

13th Postgraduate Forum of Health Systems and Policy

Indonesia

ORAL PRESENTATION

Jul 2019

- Unsuccessful treatment outcomes after oral direct-acting antivirals in people with chronic hepatitis C virus infection and its associated factors

Ph.D. Candidate examination

Thailand

ORAL PRESENTATION

Feb 2019

- Unsuccessful treatment outcomes after oral direct-acting antivirals in people with chronic hepatitis C virus infection and its associated factors

Mentorship and teaching experiences

St. Michael's Hospital

Toronto, CA

SUPERVISOR

Jun - Aug 2024

- Supervised/mentored four undergrads summer students.

University of Nairobi

Nairobi, Kenya

INVITED SPEAKER

44743

- Shared a session on data management and analysis in R.

Swiss Tropical and Public Health Institute

Basel, Switzerland

INVITED SPEAKER

Oct 2021

- Shared experiences of Thailand/Myanmar border health control with a focus on TB.

Global Public Service Academies Program (USA)

Mae Sot, Thailand

INSTRUCTOR

Oct 2019 - Feb 2020

- Delivered two lectures on the topic of migration and public health with a focus on tuberculosis control, to high school students from Japan, Australia, Canada, and the United States.

University of Community Health

Myanmar/Burma

INVITED LECTURER

Feb 2019

- Conducted a two-day training workshop on the application of R for medical statistics.

SORT IT course

Sri Lanka, China, Myanmar

MENTOR

Mar 2016 - Jul 2018

- Provided mentorship to more than 20 international participants.
- Taught data management and applied statistics.
- Created and delivered a lecture on the subject of Effective Research Communication through Infographics.

- Providing mentoring to improve the quality of abstracts and increase their chance of acceptance.

Academic and Research Services

Academic Editor: PLoS One (2022 - Present)

Affiliate: Prince of Songkla University (2018 - 2021)

Editorial Board: Public Health Challenges (2021 - Present)

Member: National Technical Working Group (Malaria) (2021 - 2022) • PNGIMR Research Network (2021 - 2022) • SORT-IT OR Network, Myanmar Society of Epidemiology (MSE), Myanmar Medical Association (MMA) (2016 - Present)

Mentor: SORT-IT Research Training Courses (2015 - 2018) • The International AIDS Society Conferences (2016 - Present)

Myanmar R User Group (Monthly Meetup): Virtual (2022 - 2024)

Peer Reviewer: 50+ Verified Reviews in International peer-reviewed journals (2016 - Present) • PLoS One (2016 - Present) • BMC Health Service Research (2016 - Present) • Public Health Action (2016 - Present) • Global Health Research and Policy (2016 - Present) • Journal of Health Research (2016 - Present) • AIDS Research and Human Retroviruses (2016 - Present) • African Journal of AIDS Research (2016 - Present) • International Journal of STD & AIDS (2016 - Present)

R for Researchers (Monthly Meetup): University of Manitoba (2022 - 2023)

Reviewer: Rady Faculty of Health Sciences Graduate Studentship Program (2022 - 2022)

Skills

Bioinformatics: Transcriptomics (RNAseq analysis pipelines)

Data Products: Dashboard Design (R, Shiny, Flexdashboard) • Web App (Shiny Apps, Auth0, AWS)

Data Science: Dimensionality Reduction (PCA, LCA, UMAP, TSNE)

Development: Software Development (CI/CD) • Version Control (Git) • Automation & CICD (Travis CI, GitHub Action) • Web Hosting (Netlify, GitHub) • Shiny app (Golem framework (Rhino))

Language: Burmese (Native) • Lisu (Native) • English (C2) • Chinese (A2) • Thai (A2) • French (A1) • Tok Pisin (A1) • Swahili (A1)

Programming Languages: Python • Database (SQL, MongoDB) • JAVA • JavaScript • BASH • HTML • CSS • Quarto • Markdown • Rmarkdown • YAML

Research: Reproducible Research • Systematic Review • Epidemiology in TB • Lab Training in TB Microbiology • Cohort study design and analysis • Epidemiology in Public Health Practice Specialization (Johns Hopkins Bloomberg School of Public Health, 2020)

Statistical Software: R • Stata

Statistics and Data Science: Longitudinal Data Analysis (GEE, Mixed Models) • Causal Inference (SEM, DAG, causal mediation) • Meta-analysis (Inverse variance) • Epidemiological Methods • Child mortality Estimation • Statistical Modelling • Egocentric Network Analysis • Survey Methods • The Data Scientist's Toolbox (The Johns Hopkins University)

Text Editors: Rstudio/Positron • Visual Studio Code

Communication: data visualization (ggplot2, arcGIS, qGIS) • peer-reviewed publications (journal, conference)

Online Tutorials

1. Create Publication-Ready Tables using gtsummary
2. R Webinars

3. Statistics & Public Health Webinars
4. Git & GitHub Basics
5. Making infographics using MS PowerPoint
6. Data entry using EpiData Manager & EntryClient
7. Introduction to R and RStudio
8. Statistics with R - ENGLISH Version
9. Statistics with R - MYANMAR Version
